

Pick an Image like this one to copy the shadows from light to dark using your full range of graphite pencils.

Divide the image into four and
also your sketchbook page with
the same ratio

Use what you learned in Task 1, to observe each quarter in turn and add the tonal scale to produce your image. Use a wide range of pencils.

Using a 2B or HB pencil copy the cactus into the big grid.
Use the picture to help you see what lines go in which box
Use the picture to also help you see where the
light and dark areas should be and add TONE
